<sup>(1)</sup> EDID

<sup>(2)</sup> Matrix function

<sup>(3)</sup> ARC

Choose your video resolution (4k2k, 1080p, 1080i) (**542 UHD**) or audio format (HD Audio, DTS 5.1, Dolby Digital, PCM 2.0) on the HDMI output. (**621 UHD 2.0**).

Watch different HDMI devices on multiple screens independently.

Synchronises your TV's audio and video and sends it back to your AV receiver via the digital audio output.

This is especially important to prevent or remedy lip sync problems.
